

Raider/Technical Specification on stage and light  
**Mito and The Kingdom of Dragons**

**Explanations stage & light:**

= Par 64, 1000 w. Or similar. 3 high back-light, 2 X 3 side-lights (2 on the floor on each side, 1 directed on the musicians from above, 1 directed on the top of the human pyramids), 3 high in the front.  
In total 12 channels, manual or digital/storable light-consol. No gel.

Total dimensions for the acrobatics mats = 9 X 9 meter. The floor has to be flat and leveled, and strong enough to take the dynamic weights from 12 acrobats. Walls besides the mats should not be closer than 1 meter.

Total dimensions for the musician platform/place = 3 X 3 meter. If possible placed close to the acrobatics mats.

**Sound, The band (6 persons):**

|  |                                |
|--|--------------------------------|
| Vocal /krakeb                            | 1 vocal mic + 1 mic for krakeb |
| Electric bass                            | DI box, Amp or direct to table |
| Ak guitar / vocal                        | DI box + 1 Vocal mic           |
| Drums (batteri)                          | 3 mic (kick +2 oh)             |
| Keyboard (2: mono keyboard)              | DI box x 2                     |
| Electric violin                          | DI box , 48 v                  |
| Sound from our computer<br>placed at FOH | 2 channels                     |
| 1 wireless headmic                       | 1 channel                      |

Total channels: 12

2 monitors at musician podium

2 monitors for acrobat stage ( 2 system)

Sound system adapted to the size of the arena

**We need 1 sound-engineer to operate the sound during performance**

If possible, we want to borrow drums (batteri) and bass-amplifier from the venue
